Our Town

By Peggy Blanchard

Never a man to turn down an appeal for aid, Harry routed an SOS for a rug-braider to this department this week, after trying valiantly to figure out what a braided rug is, how it's done and who might be interested in tackling it.

Mrs. William Bailey has a considerable stack of rug materials on hand and it is she who wants to find someone to braid them for her. Her phone is Campbell 2209.

I'm glad to pass the word along, as I, too, have a whole barrel full of dandy rug materials — never thought to inquire, until I saw Juanita's note, whether someone here makes a business of braiding. I tried it, but the darn rug keeps humping up in the center, not in the least like the pictures in the better homes magazines.

★

Whatever became of the old-fashioned picnic?

If the families who gathered Monday at the High School grounds hadn't had so much fun, they'd have been disappointed in the number who turned up. Some 20 of them did lunch together and played games during the holiday afternoon and had a "picnic."

Guess it takes a family reunion —or a good sprinkling of assorted relatives and old friends to make a picnic popular. Mmmh. It's something to be old enough to remember such gatherings way back when potato salad — instead of Jello dessert—came in six varieties.

★

Santa Clara county, famed for its agriculture, will be represented by exhibits from Campbell growers at the California State Fair late this summer, if plans and hopes of committee are realized.

Local growers are urged to get in touch with Kenneth L. Stephens at the Civic Auditorium, San Jose, with a view to entering their finest fruits at Sacramento.

★

Negotiations are underway for a first-hand report from the Democratic Party convention to readers of the Campbell Press next week.

If we're able, we'll bring you some sidelights of the convention pageantry, as America's big political race gets underway for the November race.

★

Campbell apricots were falling off the trees Wednesday, as growers waited for word on rating, price and market regulations for the season.

Here's the word on Bartlett pears for canning, though, released by the state agricultural department Tuesday:

The grades, recommended by the grading committee of pear zone No. 1 and approved by the Director of Agriculture for the 1948 season, are "prorate grade canning Bartletts," "second grade canning Bartletts," and "third grade canning Bartletts."

U. C. To Offer Power Study

The state's hydro-electric power problems will be studied first hand by a class which will be offered during the second summer session in the College of Engineering at the University of California.

The course, hydroelectric inspections, will be highlighted by a three week tour of the state's outstanding power developments.

"The course should be of interest to students studying water storage and flood control problems, types of dams, water canals and conduits, hydroelectric power plants, electric generation, and high voltage transmission," Charles F. Dalziel, associate professor of electrical engineering, who will be in charge of the course, said.

EXPLORER POST ARGONAUTS RETURN

—Courtesy of Mercury Herald

The happy group of Campbell Explorer Scouts shown above have just returned to their Santa Clara Valley homes from a 3200-mile round trip into the wilds of the British Columbia bush country.

The trek was organized by Scoutmaster R. D. Herschbach, Campbell builder, who has led an active life in the Scout movement. Mr. Herschbach supplied the converted army truck with which the boys made their momentous journey. The truck had been remodelled so that it might be used as shelter in stormy weather, and also was equipped with cooking facilities.

The nine boys making the trip have been friends of long standing. They belonged to Moreland Troop 36 as youngsters and have continued their Scouting work as Explorers. The Campbell unit being one of only two in the county. The young men financed their trip by working at odd jobs during the past year.

At their destination, the Cariboo Mountains of British Columbia, camp was set up and full-fledged "roughing it" ensued. Mosquitoes and black flies, numerous in the northland at this time of year proved to be their most serious adversaries. The snow-shoes, being held by Bill Shepherd and Eddie Roseborough, were carried along as mosquito swatters.

The weary travellers consisted of Bobby Toy, Harry Sunzeri, Richard Sisemore, Bill Shepherd, Eddie Roseborough, Harry Pankoski, Scoutmaster Bob Herschbach, Clarence Hill, Frank Shepherd, Dudley Herschbach and Post Committeeman J. A. Pankoski.

Rotarians Win One; Own Score Keeper

Shades of mighty Casey! The Wild-Cats of the Campbell Twilight Softball League, that is to say the 10 slugging Rotarians, took a toughie from the mighty Odd Fellows outfit last Friday night on the grammar school grounds. Final score, as attested to by Bill Maderis—14 to 13.

The game was nip and tuck for the first four innings. When manager-pilot Cel Gerevas, pitching a superlative brand of ball, figured he had the game on ice, he gave way to speed-baller Forrest Reese. Reese, known far and wide for his prowess when a flinger for Decatur, took over with the Rotarians only seven runs behind. Such a small margin was considered inconsequental by manager "Bullet" Gerevas. He retired to the outer pastures with confidence in his cohorts. The trust was not misplaced. The Rotarians came through in sterling style (with the undenied help of a score-keeper by the name of Whistling Bill Maderis). Whistling Bill himself was confined to the bench with something whimsically known as a Charley-Horse. Bill might have served his mates very fine indeed had he been able to mount the animal and help patrol the pastures bordering the sixth grade class-room of the grammar school. Of course, as official scorer, the swats of the Odd Fellows that threatened the class room windows went down as missed fly balls and consequently errors in the Whistler's book.

Accardi and Zimmerman played stellar ball for the winners. They were contributing factors in raising the team's status from "cellar" to "stellar." Another wildcat game is on the docket for this Friday night.

L. E. Means To Manage Clark's

Appointment of Lawrence E. Means as manager of Clark's Drugs was announced this week by Mrs. Dan W. Clark, executor of the Clark estate.

Mr. Means has been acting manager since the death of Mr. Clark on Feb. 8. He has been associated with the Clark drug store for the past four years and has been in charge of the prescription department until his promotion to store manager.

Graduated by University of California at Berkeley in 1928, Mr. Means owned and operated a store in Santa Cruz for 10 years before moving to Campbell. He and his family live on Poplar street here.

Among his community activities, he is best known as assistant football coach at Campbell Union High School. He has also been assistant in football at San Jose High School for five years.

Kiwanis Loses Close Game to Fruit Boys

The great Kiwanis ball club lost a very close decision to Hunt Bros. The heavy hitters of the fruit found the apple to their liking and blasted the only weak part of the Kiwanis team, speaking of course of the outfield. Umpire Pen Hall tried his best to help the Kiwanians by calling anything within six feet of the plate a strike but still no help. The Nelsons were put in the field to stem the tide but again to no avail. The only redeeming feature of the game was when our pinch hitter Carl Fields hit a tremendous drive to the short stop for a sure single, almost. The manager of the Kiwanis club has announced that a revamped team will be in there pitching this week when Kiwanis meets the Methodist Church nine on the grammar school field so look out. The score was 20 to 6.

Mechanical Hoe Is Run by Air

A mechanical hoe run by compressed air, invented by Frank King, Woodland sugar beet grower, is a practical machine mechanically, but actual savings in operating costs are not known yet.

So reports J. P. Fairbank, University of California agricultural engineer who saw the new air power hoe demonstrated recently. It is especially suited to large row-crop farms. Up to 20 rows can be weeded at once with them.

A tractor draws an air compressor slowly down the field with 4—10 air hoses attached on each side. Each hose is connected to a specially-built hoe with a piston at the top end of the handle. Compressed air jabs the blade back and forth in the ground. All the operator does is guide it. The stroke is adjustable, from less

(Continued on page 6)

Campbell Post Sends Honor Guard

Campbell American Legion Post 596 provided an honor guard Thursday afternoon at the funeral of Lieutenant Verne L. Gerrans at Saratoga cemetery. Lieutenant Gerrans, a member of the United States Air Corps, was returned from the Dutch East Indies, where he met his death in February of 1945. The family resides in Saratoga.

Police Protection Dire Need of Town Say Chamber Heads

Police protection for the Campbell area was the number one topic at Campbell Chamber of Commerce regular dinner meeting last Wednesday night.

Several business leaders of the community pointed out that their stores, stocked in many cases with thousands of dollars of merchandise were practically without any protection at all during the night hours.

The Chamber had some time ago taken on the sponsorship of a town patrolman whose duties were chiefly those of a night watchman. Many members feel that this service has now become inadequate due to the growth of the community and the large numbers of transient workers now in the area. After discussion of the matter by the membership at large, a committee was formed with Carl Bohnett as chairman. Other members of the committee are Forrest Reese, Ed Hubert, Frank Accardi and Robert Drexel. The committee will function as a unit of the public improvements general committee headed by William Maderis. Among other matters to come before the group was that of sponsoring a booth at the July 17 Carnival to be held at the Grammar School Grounds. It was voted to install an ice cream booth. Proceeds go to the summer recreational program of the Campbell Coordinating council and will be used to give Campbell children a supervised play program for the summer. William Harrison was named to supervise the booth installation and procure the ice cream.

Russell Pettit of the San Jose Chamber was guest speaker.

Next regular meeting will be held at 6:30 p.m. July 21 at the Country Woman's Club in the Library building.

He Doesn't Look It!

Louis "Dad" Lee is having a bad time this week.

He says he's going to be 90 years old on Wednesday, July 14, but scarcely anyone believes him, because he looks a mere sixty-eight or so.

Born in a covered wagon, he followed the famous Western trails when they and he were young. The spirit of adventure still twinkles in his eyes and when he talks, a big chuckle lurks just around the corner from each word.

He and Mrs. Lee—whose 74th birthday will be celebrated Monday, July 12 — settled down in Campbell some eight years ago. They reside on South Third street.

Grand Prizes for Campbell's Youth Carnival July 17 Are On Display

Besides a colorful backdrop of games and amusement, Campbell's Youth Carnival on Campbell Grammar School grounds July 17 will offer pony rides, refreshments and a long list of prizes.

Hot dogs, coffee, popcorn and ice-cold watermelon will be on sale among the attractive booths now planned by Campbell organizations.

Hours of the Carnival are from 6 p.m. to midnight. Service clubs, church groups and lodges will have booths at the affair, which will benefit the local recreation and playground program this summer.

Leading the list of prizes now on display at Maderis Market is a $260 radio-phonograph combination. Others are a $40 portable radio, two 6.00x16 recap tires with tubes; a smoking stand$, a man's shaving kit, a handsome cigarette case, personalized stationery, upholstery cleaner, 20 gallons of gas and a wheel alignment job. Campbell merchants have donated these special gifts—still others will be offered in the well-stocked booths.

All committee members will meet at 7:30 p.m. Monday in the grammar school, with Donald E. Lukehart, acting chairman, to dovetail final arrangements.

Local Produce Is Sought for Fair

Campbell's growers of fine fruit and vegetables are being sought this week, by the San Jose Chamber of Commerce to exhibit their produce in the Santa Clara County exhibit at the State Fair in Sacramento from September 2 through 12.

This will be the first time in 20 years that Santa Clara County will be represented in a large exhibit at the California State Fair in the horticultural and agricultural sections.

The San Jose Chamber of Commerce, has been appointed by the County Board of Supervisors to manage the exhibit. Kenneth Stephens, public relations manager is in charge of the exhibit.

The exhibitor will pay no entry fee and will have an opportunity to win a sweepstake or ribbon in competition with all growers in the State.

There will be a large box display of Santa Clara Valley produce at the County exhibit, as well as a "live" exhibit. Shephens, assisted by Lloyed S. Weber, research manager of the Chamber are seeking the best varieties of fruit and vegetables from the small farmers. They are presently concentrating on walnuts, almonds, peaches, shipping plums and fresh prunes.

Ripe fruit and vegetables are picked in their prime, specially wrapped and placed in cold storage until the opening of the fair. All County fruits and vegetables will be on display.

Any grower interested in exhibiting and entering their produce in the State Fair are asked to contact the San Jose Chamber of Commerce, Civic Auditorium, San Jose, telephone Columbia 3000.

SEEK MORE LIGHTING

Petitions are in circulation this week for extension of the lighting district to include residences west of Winchester road between Rincon and Latimer avenues.

Apply Now for Navy Training

The U. S. Navy Recruiting Station in San Jose has recently been notified that all service schools offered to high school graduates (nonveterans) are to be unlimited for the month of July. Up until now, and after August, they will return to a quota basis whereby only a few applicants from Northern California will be able to take advantage of this program.

Under the high school graduate training program the applicant choses the school he desires to attend prior to his enlistment and is assured that he will attend this school subsequent to his recruit training.

Some of the service schools offered are: Electrician, radioman, machinery repairman, metalsmith, electronics, yeoman, storekeeper, disbursing, fire control, radar, all aviation ratings, parachute rigger, photography, draftsman and surveyor.

LOCAL HISTORY

Theodore A. Cutting's book, "History of Campbell," which has run serially in The Campbell Press during the past year, was completed and bound in a new edition this week.

Link With China Was the Aim of First Railroad Built in Santa Clara Valley

21—TRANSPORTATION
By CHARLES BERRY

The first railroad train from San Francisco arrived in San Jose January 16, 1864. The golden spike that completed the transcontinental railroad was driven May 10, 1869, just 100 years after the founding of the first mission at San Diego. Niles and San Jose were connected in the same year, and the first overland train entered San Jose September 6. The coast track was extended to Gilroy immediately and then on to Salinas in 1870.

Strangely enough the original purpose of the transcontinental railroad was neither the development of the country nor of California, but to get across the country quickly as a route to the Far East. In 1861 it became a war measure, and the project was pushed through

Arizonan Claims Miss Lillingston As Bride in Campbell Ceremony

Miss Patricia Lillingston and Richard L. McCullough were united in marriage in a pretty ceremony in Campbell Congregational church June 26 in the presence of more than 100 family members and friends.

Rev. Robert L. Carlson officiated.

The bride is the daughter of Mr. and Mrs. H. E. Lillingston of Old Orchard road and Mr. McCullough is the son of Mr. and Mrs. R. B. McCullough of Salome, Ariz.

Patricia was graduated by Campbell Union High School, and the University of California at Berkeley, where she majored in journalism. She was elected to Theta Sigma Phi journalism society and later was a reporter for the Madera, Calif., newspaper.

The bridegroom was graduated by Madera High School and served in the army during the war. He is now engaged by a firm of civil engineers in Madera, where the couple will live.

White taffeta, styled with off-the-shoulder effect, its full skirt caught at the hem with nosegays of valley lilies, fashioned the bridal gown. With it, the bride wore a poke-bonnet of white satin and fingertip veil. She carried a single white orchid.

As matron of honor, Mrs. George Taliaferro of Berkeley was gowned in pale pink cotton and carried a bouquet of blue-dyed carnations.

The Misses Diane Wells of Los Angeles and Nancy Baugh of Berkeley, cousins of the bride, attended her as bridesmaids, and wore quaint frocks of light blue eyelet batiste. Their flowers were pink carnations.

Mrs. David Sanders was organist and Mrs. Bernice Slaughter and Miss Kara Laupe sang "I Love You Truly" and "Thine Alone."

Franklin D. Merck, best man, Henry P. Vilhweger and Wayne M. Meyer, ushers, attended the bridegroom.

Mrs. Lillingston's dress was of honey beige, worn with cocoa brown hat and accessories and a corsage of baby orchids.

Mr. and Mrs. Lillingston were hosts at a reception in their home after the wedding. Summer flowers were arranged about the rooms and a four tiered cake was served.

For going away, the new matron wore a brown plaid suit, matching shoes and purse, a sand colored hat and orchid corsage.

RECOVERING AT HOME

Annamae Pereira returned to her home, Harrison and Hamilton avenues, July 1. She has been a patient at Alum Rock Sanitorium for some three months and will be confined to bed for several months at home.

June Benson, A. M. Ross Exchange Vows

Junice N. Benson, daughter of Mr. and Mrs. N. J. Benson of Alice way, Campbell, and Alexander M. Ross of San Jose were married Saturday, July 3, in Carson City, Nev.

The couple exchanged their wedding vows just before high noon, in the First Methodist Church of Carson City, and relayed the news to their families and close friends by telephone and wire immediately after the ceremony.

Mr. and Mrs. Ross are traveling in Northern California and will return home the latter part of this week. Both of them have taken an active place in community affairs here—the bride is leader of the Horizon club Campfire Girls and Mr. Ross is a member of Footlighters Club. Junice is the sister of Lowell J. Benson, Alice way.

Buc's Cove Season Opens Friday

Buc's Cove opens at 7:30 Friday evening, July 9, for a summer schedule of swimming, skating parties, dancing and movies.

High school pupils are eligible for membership and may buy their tickets at the door Friday.

Officers of the cove, elected June 28, are Jasper Ciraulo, president; Bobbe Short, vice president; Linda Finch, secretary; Mike Stepovich, treasurer and Beverly White, Jackie LeLong, Dan Knowles and Stan Grazay, council members.

At 6:30 p.m. Monday, July 12, a bus will leave Buc's Cove and head for Woodrow Wilson swimming pool to swim from 6 to 9 p.m.

The cove — in the high school building—will be open at 7:30 each Monday and Friday evening. The group is sponsored by Campbell High School PTA, St. Lucy's Woman's Club and other local organizations.

• • •

LEGION AUXILIARY

Womens Auxiliary to American Legion Post 596 will meet at 8 p.m. July 14 in Country Woman's clubhouse in Campbell.

Netops to Raise Chief

At an open meeting Friday evening in IOOF hall, Netops Council, Degree of Pocohantas will raise its chief, Ruth Livingston, and other officers for the ensuing term.

Various councils will officiate at the ceremony.

Blanche Gilpatrick is chairman of a special committee which met Friday to complete plans for a booth at the Youth Carnival July 17.

ST. LUCY'S GUILD

St. Lucy's Evening Guild will hold its monthly business meeting at 8:30 p.m. today at the parish hall. Plans will be discussed for the rummage sale to be held July 29. Lenora Husten and Orleane Scortino will serve as hostesses.

The greatest industrial show ever to be held in the West opened officially at the San Francisco Civic Auditorium July 2, when the chain across the entrance to the Bay Area Industrial Exposition was severed by Mayor Joseph E. Smith, of Oakland, wielding an electric torch.

Those shown in the picture are (left to right) Thomas A. Maloney, speaker protem of the state legislature; Thomas A. Brooks, chief administrative officer of the City and County of San Francisco; Mayor Smith, of Oakland, and Maurice C. Sparling, State Superintendent of Banking, officially representing Governor Warren.

The Bay Area's industrial achievement was revealed to thousands of persons July 2 when the greatest show of its kind ever held in the West—the Bay Area Industrial Exposition—was opened at the San Francisco Civic Auditorium.

The ceremony marking the opening was impressively in keeping with the Exposition. More than three-score state, county and city officials and Chambers of Commerce leaders from the Bay Area occupied the reviewing stand.

Mayor Joseph E. Smith of Oakland, expertly using an electric torch, cut a heavy steel chain barring entrance to the Exposition, and the waiting crowd surged in a jammed mass to enter..

Henry King, as master of ceremonies, presented the officials, who had taken an active part in making the Exposition possible, and who are taking an equally active part in the exposition during its duration of eight days.

They included:

Mayor Joseph E. Smith, of Oakland; Mayor J. B. Blois of Palo Alto; Mayor J. S. Woodson, of Petaluma; Mayor William F. Wood, of Piedmont; Mayor Chris S. Webber, of Sunnyvale, and Mayor Laurance Cross, of Berkeley.

H. B. Ammons, president of the Napa Chamber of Commerce; P. A. Hoyt, vice-president of the Oakland Chamber of Commerce; Eugene C. Bishop, president of the Palo Alto Chamber of Commerce; Arthur Hansen, president of the Petaluma Chamber of Commerce; T. J. Labhart, president of the Sacramento Chamber of Commerce, and Frank Lutthele, president of the Santa Rosa Chamber of Commerce.

The Navy offers regular pay increases.

Summer Schedule Announced for Homemakers

Campbell women are invited to a series of summer meetings scheduled by the County Agricultural Extension bureau in nearby communities.

First of the sessions was held today in Mt. View Woman's club house. Future meetings are scheduled as follows:

July 14, from 10-12 a.m. in Cupertino Community Church there will be a lecture on "Streamlined Sewing;" from 10-12 July 21 "Canning" will be the topic at the same Cupertino center; We and Our Neighbors clubhouse, Union avenue, from 10-12 a.m., July 23 — "Machine Attachments;" Berressa School, 2-4 p.m., July 29—"Pickles;" Willow Glen Methodist Church, 10-12 a.m., August 17—"Dress Forms;" Mountain View Woman's clubhouse from 9 a.m. to 5 p.m., Aug. 25—"Slipcovers."

Horsemen Will Re-Enact Trek Of de Portola

Reenactment of the historic expedition of Don Gaspar de Portola in 1769, which launched the occupation of California by the Spaniards and the founding of the Missions by the Franciscans, will be filled with color and drama as it proceeds northward this summer along the original route.

The trek will take 108 days and cover 790 miles, starting July 14 from the foot of Junipero Serra's Cross in San Diego and ending on October 17 in San Francisco with the parade down Market street to open the week-long Portola Pageant and Festival. On July 13 there will be a send-off parade and celebration in San Diego.

Thousands of horsemen participating will be volunteers, mostly businessmen and ranchers. The official Portola group will depict the officers, padres, Catalonian Volunteers and leather-jacket soldiers who made up the original Portola Expedition and they will wear authentic reproductions of the colorful Spanish uniforms and gray Franciscan robes of nearly two centuries ago. The horsemen representing the officers, padres and Catalonian Volunteers will ride the entire distance. The leather-jacket soldiers will be portrayed by specially selected horsemen from the riding clubs of each county.

The official party will be escorted by hundreds of horsemen, some riding for the entire time the Trek is in a county, others for one, two or three days. The Sheriff's Posses are in charge of these arrangements. E. E. "Dick" Kleck, supervisor of San Luis Obispo county is Trailmaster.

The Trek will follow the authentic trail as closely as possible and will visit all the communities and Missions along the way. It will visit Los Gatos and Mission San Jose October 4 and 5.

Recreation Center Holds Pet Show

Last Saturday at the San Tomas Grammar School grounds the members of the Recreation Center held the first in a series of summer events in the form of a pet show. Those winning prizes are as follows: Biggest pet, Paul Paulston; smallest pet, Hal Chapman; most unusual pet, Junior Fry; best decorated; Rodger Lukehart; most intelligent pet, Claire Raiston. The runner-ups were Bill Davies and Ray Tinsley.

The next activity of the group will be a Bike Rodeo to be held at the Campbell Grammar school grounds next Friday afternoon. At this time the Recreation Centers from Moorpark, Cambrien, Campbell and San Tomas will compete in races, trick riding and just plain fun.

Ernest W. Smith, U.S.N., spent the Fourth of July with his parents, Mr. and Mrs. Harry Smith of Sunnyside avenue. He returned the next day to his ship, the U.S.S. Diachenko, now in port at San Diego.

Navy swimming and diving teams will meet in Philadelphia, Pa., the week of Aug. 22, 1948, in competition for All-Navy Championship awards.

The daughter of a civilian employee at the Naval Air Station, Jacksonville, Fla., had a chronic case of hiccoughs so she was taken for a ride in a plane which zoomed, rolled and snapped in an effort to scare her out of them. The ride didn't cure the girl, but it made her father pretty sick.

Local Man Dies Of Heart Attack

Hubert (Shorty) Welker died of heart attack at the wheel of his car on the Oakland highway near San Leandro June 27. He was a musician in Tex Randall's western band and had played many times on the radio and at Tracey Gardens. He was known as "Shorty on the guitar."

Funeral services were held at the Rutherford Funeral Home Monday, June 30, Rev. A. F. McKinney officiating. Interment was in Santa Clara City Cemetery.

Pallbearers were Tex Randall, Henry A. Doust Jr., Eugene Pierce, Everett Edwards, Jesse C. Brown, Wayne K. Whitewing.

Retired Rancher Succumbs Here

Dan Hunter, husband of Mary Hunter of 118 Railroad avenue was found dead in bed of a heart attack early June 26. He had lived in Campbell 29 years and was a retired rancher.

He had one stepdaughter, Mrs. Maud Elliott of Sacramento.

Rev. A. F. McKinney officiated Tuesday, June 29, at the funeral services at the Rutherford Funeral Home. Interment was in Santa Clara City Cemetery.

Pallbearers were Lew Winkler, W. A. Traux, A. L. Holder, Herbert Spears, Val Gardner, Pete Spragia.

Campbell Wallops Cambrian in Practice Tilt

Last Friday at the Campbell Grammar school baseball diamond the Campbell Recreation Center met the Cambrian Recreation center in the first of a series of baseball games between the various recreation centers. The strong Campbell team proved too much for the small in size, but game Cambrian team, and Campbell emerged the winner with a 41-0 score. The sstarting lineup for Campbell was as follows: Catcher, Hodges; pitcher, J. Dahms; first base, Kurkendoll; second base, H. Vargus; third base, Hoover; shortstop, Hill; left field, R. Dahms, center field, Eddelmon; right field, Mazoni; buck short, Olmitty. Kurkendoll was team captain.

The starting lineup for Cambrian was as follows: Catcher, Nelson; pitcher, Fossum; first base, Roberts; second base, Woodworth; third base, Luhring; shortstop, Mitchell; right field, W. Roberts; center field, Gibbs; left field, Conley; buck short, Flagg, and D'Anna. Roberts captained the Cambrian team.

After the game the two teams entered into wrestling and boxing bouts in the Campbell Recreation Center.

Yosemite Vacation

Mr. and Mrs. Ray Fish and their daughter Beverly of Campbell and Mr. and Mrs Robert Snow of San Jose and their small son Martin spent the holiday weekend fishing and vacationing at Yosemite.

The Navy has developed a human catapult to test human tolerance to accelerated takeoffs and arrested landings in the newest, super-speed aircraft.

GO BY TRAIN! RENT A CAR AT DESTINATION We'll ARRANGE IT! ask for RAIL-AUTO SERVICE

NOW OPEN TO HIGH SCHOOL GRADUATES

THIS is important news to every young man from 20½ to 28 who has graduated from high school or who can pass equivalent education examinations. Under a new ruling, you may now enlist in the U. S. Army for the specific purpose of attending Officer Candidate School, provided the quotas are not filled.

You must be a citizen of the United States, and a man of high moral character, able to meet the necessary physical requirements.

To take advantage of this unusual privilege, you may submit your application to the Commanding General of the Army area in which you live. If you are selected, you will be enlisted in the Army as Staff Sergeant. If you have not had basic training or its equivalent, you will be given this training before entering Officer Candidate School.

If you are a successful candidate, you will be commissioned as Second Lieutenant in the Officers Reserve Corps and placed on active duty for two years, during which time you may compete for a Regular Army Commission. Should you fail to complete the course successfully, you will be released from the Army.

The opportunity to qualify for Officer Candidate School is, and has been, open to men in the Army. But never before during peacetime has such a remarkable opportunity to become a commissioned officer been open to civilian high school graduates. Get all the facts about it today at your U.S. Army and U.S. Air Force Recruiting Station.

It's back!! The tire that sets the pace in the low price field!!!

"IT RUNS AND RUNS AND RUNS"
The MARATHON by GOODYEAR
ONLY $12.40 plus tax 6.00x16

Marathon — the famous money saving tire is back in the Goodyear line — and a better "buy" than ever! Back with the economy, long mileage and safety — the extra value for your dollars that made Marathon the favorite of millions of motorists before the war . . . back with more and stronger cords in the rugged tire body for even greater protection against tire failure. Look at these features . . .

LONG WEAR — New specially treated cords and newly compounded rubber make Marathon the tire that "runs and runs and runs".

NON-SKID SAFETY — Those famous Goodyear diamond blocks really grip the road. You get safer, quicker stops — especially on wet, skiddy roads.

"COMPACTING TREAD" — Inflation forces the sidewalls out, compacts the tread. This reduces tread wear, punctures, bruises and breaks.

GUARANTEED FOR LIFE! Every Marathon tire is backed by a guarantee — not for 12 months or 18 months or 24 months, but for its full life without time or mileage limits.

For a really sensational "buy" in tires, see us for Marathons today! And remember "new tubes save tires".

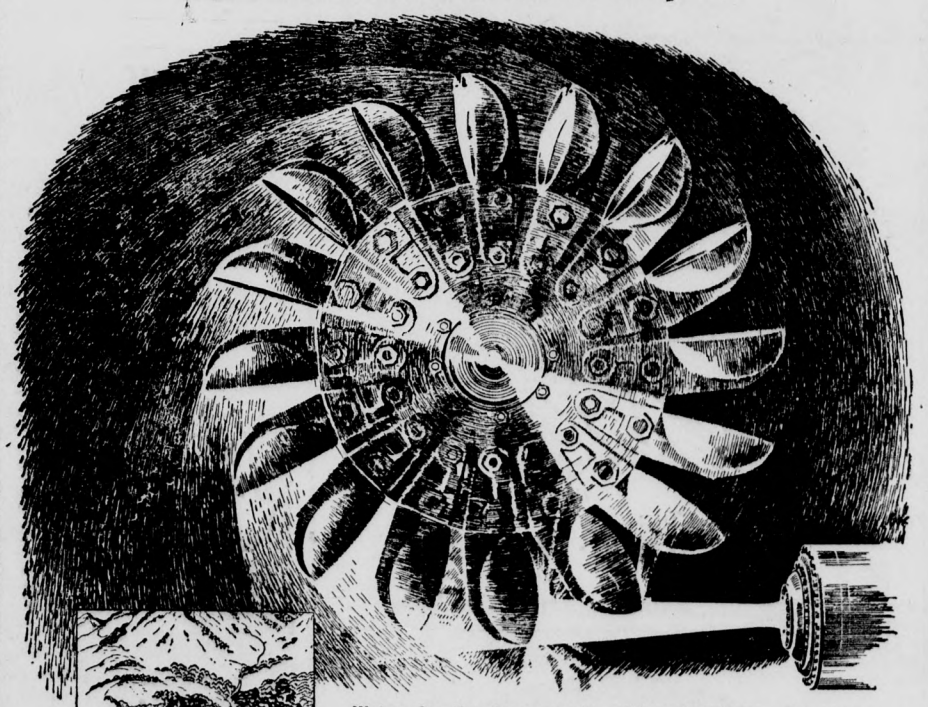
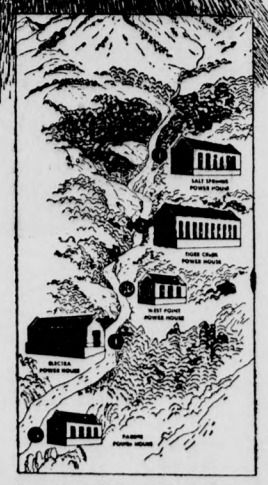
How to get power from water five times

...and not consume a drop





Here's a quick picture of the Mokelumne's 5 powerhouses. The top four—Salt Springs, Tiger Creek, West Point and Electra—are P. G. and E. plants. They will soon have a total capacity of 250,000 electrical horsepower—enough to serve the cities of Oakland, Stockton and Tracy.

Water shooting from nozzles with rocket force spins 16-ton water wheels like toy tops in P. G. and E. powerhouses . . . but not a drop is wasted—it's put to work again and again.

Five different times, for example, water is borrowed from the Mokelumne River and sent rushing through penstocks (giant steel pipes) to whirl the generators. Then it's sent back on its way to municipal water supplies and farmer's irrigation ditches.

Newest of the group is the big 133,000 horsepower Electra plant shown here in the final stages of construction. It will come on the line this month, bringing still more new power to serve growing California.

For the record
P. G. and E.'s water storage helps supply irrigation needs along the Mokelumne
New Electra replaces one of California's earliest hydro plants...in continuous service since 1902
The Mokelumne project is just part of America's largest interconnected power system

Work never stops on our power-building program

Link With China Was the Aim of First

(Continued from page 1)

to protect the coast from Great Britain and from the Confederates who were sinking Yankee whaling vessels. Uppermost in the mind of the Californians, of course, was the establishment of communications with the East. The easterners were quick to cry "impossible," but Judah, Stanford, Huntington, Hopkins, and the Crockers pushed it to success; and so it was no longer necessary to consume six months by covered wagon to cross the western plains.

A railroad was built through the Campbell ranch in 1880 with a flag station at Lovelady's Crossing about a mile to the south. Charles Berry, station agent at Campbell for over 40 years, at the request of Mrs. Sutter, has given the following account of the railroad line running through Campbell:

"The Campbell railway depot, 6 by 18 feet in dimentions, was first opened as a railroad telegraph office April 16, 1886, in connection with construction of the branch line to New Almaden, the nearest point to the Almaden quicksilver mines which the branch line was to serve. For a number of years two mixed trains (passenger and freight) ran daily except Sundays, to and from Almaden; later the service was reduced to twice a week, until the mines ceased to operate sufficient to warrant a continuance of the service. In the meantime many vineyards had been planted tributary to the line at LeFrancs, Union avenue and other points, which the branch line still serves in the shipment of grapes to eastern markets.

(To be continued next week)

Mechanical Hoe

(Continued from page 1)

than 1 to over 3 inches. Blades are detachable.

Fairbank, College of Agriculture farm machinery specialist who worked on a mechanical vibrating hoe on wheels about 15 years ago, says:

"Under suitable condition this new air power hoe should increase the work a man can do in a day, but I couldn't guess how much. The savings would have to be quite high though, because the hoes cost about $165 each to make, plus the cost of the air compressor, tractor, and driver's wages.

"One sure thing," he adds, "you don't have a chance to lean on the handle and rest; it vibrates like a jack-hammer, but not so hard. You also have to keep up with the crew, else the hose will pull the hoe right out from under you!"

Three former Waves, all now in the U. S. Naval Reserve, have been made honorary admirals in the Nebraska Navy, according to a letter from one of them received by a Navy publication.

A total of 5,269,618 cases of tuna was canned in California in 1947.
